

Patient Care Survey

Feedback is important to us!

Please take a moment to complete an **anonymous** survey which will help Dr. Cote improve her care for you and other patients.

Your privacy will be protected; no personal information will be reported to the doctor or any other individual or organization. Your responses to the survey questions will be completely confidential.

Your participation is voluntary. You may choose to answer the survey or not. If you choose not to, this decision will not affect the health care you receive at the doctor's office.

To complete the survey, take the following steps:

- Visit the website: patientsurveys.abopt.org
- Enter the number **114-139-952** on the first page where it asks for the survey number (this number identifies your physician, not you specifically)
- Complete the survey

Thank you for participating!
